We offer the following **services and products:**

- * Cakes
- * Cupcakes
- * Royal Icing Sugar Cookies
- * Cake Pops
- * Sweet treats

Additional Services:

- * Digital Invite designs
- * Personalized add on's to all orders

This booklet is subject to change. Please make sure to inform us when placing an order through More Restaurant to ensure that we include your delivery to the restaurant on the day of the event/the day before.

All offers in this booklet are created and personalized for More Restaurant only. Should you place an order outside of your booking via More Restaurant, the prices may vary.

All communications for placing orders, details of orders and any changes have to go straight through Lovit Bakery, and not via More Restaurant. Please make use of our details as mentioned above.

Use this booklet as a guideline to enable budgeting, but keep in mind that custom cakes are charged according to the amount of labor hours, ingredients and level of profession it requires. Please send a picture of your desired cake via whatsapp/email to ensure that we understand your request and to enable accurate quotation thereof.

Hope to hear from you soon! :)

Not sure what size cake to order for the amount of people you have to serve? This has always been a tricky question, but something we need to know before baking the perfect cake for you. The last thing you want is TOO much or (even worse) TOO little cake! The illustration below can be used as a guideline, but in reality, it all depends how big you cut your slices (and how many people want seconds..because our cake is that good ;P)

You basically take the amount of people you need to serve (Let's say 60 for an example) and build a tiered cake or order a one tier cake closest to the amount of guests. Using 60 guests as an example, I can either order one 30cm cake (serves 56) or maybe a 20cm top tier and a 25cm bottom tier (serves 62 all together).

Refer to our Slicing Suggestions to understand how we determined the servings. Be smart and use it on the day of your event to impress all your guests with your cake-cutting-know-how!

	Size (cm / inch)	Servings
	10cm / 5"	8
	15cm / 6"	12
	18cm / 7"	18
	20cm / 8"	24
	22cm / 9"	32
	25cm / 10"	38
	27cm / 11"	48
	30cm / 12"	56
	35cm / 14"	78
	40cm / 16"	100

* This illustration and all details regarding it is merely used as a guideline and does not guarantee you the same amount(s) of servings of the cake you ordered with Lovit Bakery. The illustration is also based on a standard height cake (+/- 12cm). Any single layered or extra height cake will deliver a different amount of servings.

Price Range: R300 - R500

We have categorized some of our cakes to give you an idea of what you might have to budget for. Please take note that some of the flavors (Red Velvet & Carrot) and additions to the cakes, might push the cake in another price range. This will all be discussed once you know what you like and then a final price will be quoted.

Please send through a picture of what you have in mind to 076 572 1498 for an accurate price.
